

French course for interpreters 2018

You are an interpreter and would like to add French as another foreign language?

We propose an intensive total immersion course combining both an in-depth work on oral comprehension and an improvement of your general French. This course will help you to enrich your vocabulary on a wide range of topics e.g. environment, justice, educations, economy, politics, etc.

We welcome you in a unique setting: a former monastery, renovated with style and comfort, tucked away in the superb nature of the 'Parc Régional du Verdon' in Moustiers-Ste-Marie. You will find a warm hospitality and the best of Provençal cooking.

Objectives of sessions 'oral comprehension'

- to attain a better understanding of radio transmissions and specific TV programmes (news, current international events, reports...);
- to be able to follow a long speech, testimony or dialogue;
- to become familiar with different accents and language registers.

Objectives of the sessions 'general French'

- to widen your vocabulary through reading articles on issues of the day, listening to recordings and excerpts of movies;
- to reinforce your grammatical knowledge and put it into application (through oral and written exercises and role games);
- to improve your ability to speak French with more fluency and to familiarize with the French syntax.

Minimum level required according to CECR : B2

If you have not attained this level, we advise you to first follow one of our standard courses.

Typical programme of a week course

- 17 hours of general French (including exercises on oral comprehension)
- 12 lessons of 45' of oral comprehension: mini-workshops and afternoon classes
